

Thames Executive Charters have been working on our Queen's Diamond Jubilee Pageant offering since April 2011. Some of our boats have been secured by the Pageant organisers themselves and will be taking part in the flotilla as herald and orchestra boats. We have also been informed that 1.5m people are expected to line the route and that there will be 48 large screens around the city. TV coverage is expected to beat that of this year's Royal Wedding in April. Therefore a river side venue is the perfect solution

We have managed to secure some additional locations for this very special day. We are working with other venues and as such are able to offer a comprehensive range of packages and prices.

PLEASE NOTE THAT DUE TO THE HIGH LEVEL OF ENQUIRIES WE WILL NOT CHASE YOU AS TICKETS SALES ARE MADE. All people registered on our waiting list at 19 March 2012, will have until 26 March to take up the option before new clients are offered any of the remaining places.
